Printing Exposition. NEW YORK, May 2.—The big Printing Exposition opened at Grand [Central Palace to-day, and will continue until June 21. It is one of the greatest exhibitions ever held in this city. Important con-

led in such a manner as to present everything connected with the printing art. The historic and loan exhibit, which was at first intended as one of the many in-teresting collections to be on view, has developed to such an extent that it now promises to be the star attraction of the show. The latest attraction, secured through the efforts of the committee, has been a Government exhibit, loaned by joint resolution of the Senate and House of Representatives, at Washington.

This feature embraces many priceless relies from the late Civil War such as the venerated manuscripts written on stamps and in camp by the dead heroes of '61, and other revered memorials of those stirring times. It also includes the famous picture of Governor Welliam Allen, of Ohio; and a sword biade, the copies of charts of Hell Gate and the Battery from the originals; a general exhibit of patents, and the old original Benjamin Franklin printing-

Mr. Hackett said that his wife, Mary Mannering, who is on tour with Daniel Frohman's stock company, was barely able to play last night, owing to illness, and both were looking forward to the season's close, when they will go to Mr. Hackett's fishing club, in Canada, for a week or two, and thence to the Rocky mountains, where they will remain until September, when Mr. Hackett will play "Richard Carvel" and his wife will go on a starring tour.

It is likely that Arthur Hoops will play

Lord Comyn in "Carvel," a part quite similar to the one he takes in "The Pride of Jennico." Mr. Hackett will, of course, play the title role and Miss Galland will take the part of Dorothy.

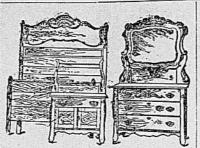

About 'twenty-five or thirty disgruntled negro Republicans of Jackson Ward met at St. Luke's Hall, on Duval Street, last night and villified the Democratic nominees for the municipal election and complained of the way in which the affairs of the city are administrated. of the city are administered.

The meeting was unharmonious and de-void of political interest, there being some present who asserted that they would not cast another vote in a municipal election so long as they live in this city.

An effort to get the negro voters of the ward together to put up an independent ticket has utterly failed so far.
